Professional Summary

Enthusiastic MCA graduate seeking an entry-level software development role where I can apply my skills in Flutter, Python, Java, and web development. Demonstrated ability to independently build and deploy real-world applications, with exposure to UI/UX design principles through professional internship experience.

.

Projects

Pest Identification Mobile App (Flutter/Dart)

- Developed a real-time pest identification app using Flutter, integrating a custom TensorFlow Lite model trained on a Kaggle dataset to classify pests with 25% improved accuracy.
- Implemented Firebase Authentication & Storage, reducing data fetch time by 20% and ensuring secure user access.
- Designed an intuitive UI for seamless image capture and pest analysis, enhancing user engagement.
- Deployed the app end-to-end, demonstrating expertise in the full development lifecycle.

Education

MCA - Annamalai University, Chidambaram
May 2022 - May 2024
B.sc Physics - Manonmaniam Sundaranar University, Tirunelveli
June 2019 - Apirl 2022

Skills

- Front-End Development : HTML, CSS, JavaScript,
- Back-End Development : Java, Python, Flutter Dart, Php
- Database & DevOps Tools : MySQL, MongoDB
- Tools & Technologies : NumPy, TensorFlow, Git and Github, Excel

Additional

Internship in Moobees Design Studio

Completed a 3-month specialized internship in UI/UX design, actively contributing to the enhancement of digital user experiences.

I engage in coding on platforms such as HackerRank and Leetcode.
